This month's story:

October is Transfer Awareness Month at Mesa College. We have numerous events, workshops and activities to highlight your goal of transfer. Look at the Transfer Center website to see all of the exciting activities. This is a chance for you to work on your transfer plan. Your transfer plan should be continuously refined. It includes your education plan, your research on selected universities and financial aid opportunities after transfer.

Transfer Myth:

"The TAG (Transfer Admission Guarantee) is the best option for transferring with a guarantee to SDSU.

Not true! *The ADT (Associate Degree for Transfer), may be your best option. It depends on your major, and whether you qualify as a local area student. You should stop by the transfer center, see a counselor or attend one of the campus-wide trainings held on the ADT. Check the Transfer Center 'events' page for the training dates in October and November.*

Did you know?

That one of the outstanding transfer guarantee programs available to you is the University Link Program. If you are in your first year of college, you can sign the contract and attend UCSD with a 3.0 GPA. If you are a veteran, there is no first year college student requirement to be met. See a counselor or come to one of the ULink workshops in the Transfer Center.

Transfer Center Events

College & University representative visits are located in the Café Breezeway unless otherwise noted.
