

MATH 141: PRECALCULUS

CANVAS NOTES (optional)

Ken Kuniyuki; kkuniyuk@yahoo.com or kkuniyuk@sccd.edu (official)

THE KEY COURSE WEBSITE IS AT <http://www.kkuniyuk.com>
(or google “precalculus notes”)

My Canvas class is an **optional** tool for students that can be used for the following:

- Use **NetTutor** – free online tutoring!
- Participate in online **class discussions** (it’s more like Facebook posting and less like chatting).

Logging into Canvas:

- Chrome may be the best browser for Canvas; Firefox usually works; Safari and Explorer may have issues.
- Go to: sccd.instructure.com
- Your 10-Digit User ID will be your student CSID.
- Password: start with your 8-digit birthdate in the format mmddyyyy
For example, if your birthdate is January 2, 1990, then enter 01021990

MT2C Tutoring / NetTutor

- Free online tutoring! Mesa has purchased access rights to NetTutor.
- The MT2C Online Tutoring link is near the bottom of the list of links to the left.
- NetTutor info is in the middle of the page.

ON NetTutor (as of Fall 2020):

- Scroll down and choose “Pre-Calculus and Trigonometry Tutor”
- “Drop in and Meet with a Live Tutor” – you should be able to get someone online within five minutes or so.
- “Drop off a Question” – if you use the above, you may not need this. Do you want a second opinion?
- The Tutor Locker allows you to review previous activity.
- You can send pictures.

Discussions

- This feature is more like Facebook posting and less like chatting.
- The Discussions link is near the top of the list of links to the left.
- Click under Discussions > Class questions > All sections.
- Click on Reply.
- Type in your question or comment.
- Click on Post Reply. You can Edit or Delete later.
